1. Goal Setting

Employees and managers establish measurable goals at the beginning of each performance cycle.

2. Review Cycle

XYZ uses quarterly check-ins and a formal annual performance review.

3. Rating Scale

Five levels: Exceptional, Exceeds Expectations, Meets Expectations, Partially Meets Expectations and Does Not Meet Expectations.

4. Promotion

Promotion decisions consider sustained performance, role scope, competencies, business need and readiness for the next level. Promotion is not automatic based solely on tenure.

5. Performance Improvement Plan

Where performance is materially below expectations, a manager may initiate a Performance Improvement Plan with measurable expectations, support and review checkpoints.

Policy governance

People Operations reviews policies periodically. The company may amend or replace policies. Where a more specific approved policy applies, that policy governs. Applicable law and the employee's employment agreement take precedence where required.
